Acknowledgments .....	xix
Introduction .....	xxi
<b>1 Planning Your Deployment and Choosing the Right iPads and iPhones .....</b>	<b>1</b>
Understanding Why You Need to Manage the iPads and iPhones .....	2
Reducing the Security Threats from the iPad and iPhone .....	3
Avoiding Traffic Problems from Connecting the iPad and iPhone to the Network .....	3
Minimizing Configuration and Support Problems Caused by iPads or iPhones .....	4
Deciding Which Services You'll Provide to the iPad and iPhone .....	5
Choosing the Right iPads or iPhones .....	5
Choosing Between the iPad and the iPhone .....	6
Choosing Among Different Models of iPads .....	6
Choosing Among Different Models of iPhones .....	7
Choosing Accessories for the iPad or iPhone .....	7
Providing Guest Internet Access for Unmanaged iPads and iPhones .....	9

<b>2</b>	<b>Activating and Setting Up iPhones and iPads</b>	<b>11</b>
	Installing the Latest Version of iTunes	12
	Downloading the Latest Version of iTunes	12
	Updating iTunes to the Latest Version	12
	Understanding the Software Components	
	You Get with iTunes	13
	Installing iTunes for Windows with All Its Components	14
	Installing iTunes on Windows Without	
	Bonjour and Apple Software Update	15
	Switching iTunes to Activation-Only Mode	18
	Switching iTunes to Activation-Only Mode on Windows	18
	Switching iTunes to Activation-Only Mode on the Mac	20
	Activating and Setting Up Your iPhones and iPads	21
	Choosing Who Will Activate Your iPhones	21
	Installing the SIM Card and Activating the iPhone	22
	Installing the SIM Card in the iPad	24
	Setting Up the iPad and iPhone	25
	Updating the Carrier Settings on an iPad or iPhone	30
<b>3</b>	<b>Configuring an iPad or iPhone Automatically</b>	<b>31</b>
	Getting and Installing iPhone Configuration Utility	32
	Downloading and Installing iPhone	
	Configuration Utility for Windows	32
	Downloading and Installing iPhone Configuration	
	Utility for Mac OS X	35
	Meeting the iPhone Configuration Utility Interface	36
	The Toolbar	36
	The Source List	37
	The Detail Pane	37
	Understanding Applications, Configuration Profiles,	
	and Provisioning Profiles	38
	Creating a Configuration Profile	38
	Planning Your Configuration Profiles	39
	Understanding the Types of Payloads You Can Create	39
	Starting a Configuration Profile and Setting	
	Its General Information	39
	Creating a Passcode Payload	43
	Creating a Restrictions Payload	46
	Creating a Wi-Fi Payload	50
	Creating a VPN Payload	51
	Creating an E-Mail Payload	51
	Setting Up an Exchange ActiveSync Payload	52
	Setting Up an LDAP Payload	53

Setting Up a CalDAV Payload .....	55
Setting Up a Subscribed Calendars Payload .....	56
Setting Up a CardDAV Payload .....	57
Setting Up a Web Clips Payload .....	59
Setting Up a Credentials Payload .....	60
Setting Up a SCEP Payload .....	63
Setting Up a Mobile Device Management Payload .....	64
Setting Up an Advanced Payload .....	66
Applying a Configuration Profile .....	67
Applying a Configuration Profile Directly .....	67
Applying a Configuration Profile from a Web Page .....	69
Applying a Configuration Profile via E-Mail .....	73
Dealing with Errors When Installing	
Configuration Profiles .....	74
Seeing Which Profiles Are Installed on	
an iPad or iPhone .....	75
Removing a Configuration Profile from	
an iPad or iPhone .....	77
Duplicating, Backing Up, and Deleting Your	
Configuration Profiles .....	79
Duplicating a Configuration Profile .....	79
Backing Up Your iPhone Configuration Utility Data .....	79
Deleting a Configuration Profile .....	80
<b>4 Setting Up Wireless Networks on the</b>	
<b>iPad and iPhone .....</b>	<b>81</b>
Planning Your Wireless Network .....	82
Setting Up a Wireless Network Connection Manually .....	84
Establishing a Wireless Network Connection Manually .....	84
Configuring the Network Connection Manually .....	87
Making the iPod or iPhone Forget a Wireless Network .....	90
Setting Up a Network Connection Using a Wi-Fi Payload .....	91
Providing the Password for a Personal Wireless Network .....	93
Providing the Authentication for an	
Enterprise Wireless Network .....	93
Applying the Wi-Fi Payload to the iPad or iPhone .....	97
Troubleshooting Network and Access Problems .....	97
iPad Fails to Renew DHCP Lease and	
Continues to Use Current Address .....	98
Safari Gives “Cannot Open Page” Error .....	99
Troubleshooting SSL Connections	
to Web Sites on the iPad .....	99
Safari on iPad and iPhone Can’t Access me.com Directly .....	100

<b>5 Equipping the iPad and iPhone with the Apps That Users Need</b>	<b>101</b>
Choosing Apps for Your Network's iPad and iPhone Users	102
Productivity Apps	103
Note-Taking Apps	109
Social Networking	111
Readers and Newsreaders	112
Utility Applications	115
Network and Remote-Access Apps	119
Installing the Apps on the iPad or iPhone	125
Installing an App from the App Store	128
Installing Custom Apps by Using Provisioning Profiles	133
Installing a Provisioning Profile on an iPad or iPhone	134
Installing a Custom App	136
Rearranging the Apps on the iPad or iPhone	137
Rearranging the Apps Using iTunes	138
Rearranging the Apps Directly on the iPad or iPhone	140
Keeping iOS and the Apps on the iPad or iPhone Up to Date	142
Updating iOS	143
Updating the Apps on the iPad or iPhone Using iTunes	145
Updating the Apps Directly on the iPad or iPhone	148
Uninstalling Apps	149
Uninstalling Apps Directly from the iPad or iPhone	150
Uninstalling Apps Using iTunes	151
Uninstalling Apps Using iPhone Configuration Utility	152
<b>6 Connecting the iPad and iPhone to Your Mail Servers</b>	<b>153</b>
Connecting the iPad and iPhone to Microsoft Exchange	154
Adding an Exchange Account by Using a Configuration Profile	154
Setting Up a Connection to an Exchange Server Manually	159
Choosing Which Exchange Items to Synchronize to the iPad or iPhone	163
Connecting the iPad and iPhone to Other Mail Servers	165
Setting Up the Mail Server So That the iPad and iPhone Can Connect to It	165
Adding an E-Mail Account by Using a Configuration Profile	166
Setting Up E-Mail to Another Server Manually	173
Configuring Advanced Settings for an E-Mail Account	176
Configuring SMTP Settings for an E-Mail Account	180

Troubleshooting E-Mail Problems .....	182
Troubleshooting Microsoft Exchange .....	182
Troubleshooting Errors When Setting Up Other E-Mail Accounts .....	184
Troubleshooting Problems Sending and Receiving Mail on Other Mail Servers .....	187
Deleting an E-Mail Account .....	191
Deleting an E-Mail Account You've Set Up Directly on the iPad or iPhone .....	191
Deleting an E-Mail Account You've Set Up Using a Configuration Profile .....	192
<b>7 Putting Documents on the iPad and iPhone .....</b>	<b>193</b>
Understanding How the iPad and iPhone Handle Documents .....	194
Transferring Documents to the iPad or iPhone .....	197
Transferring Documents by Using File Sharing in iTunes .....	197
Transferring Documents via E-Mail .....	198
Providing Documents by Download from a Web Site .....	201
Providing Documents by Download from a SharePoint Site .....	203
Transferring Documents Using Third-Party Apps .....	206
Transferring Documents from the iWork Apps on the iPad to Your Computer .....	211
Transferring Documents from the iWork Apps on the iPad via File Sharing .....	212
Transferring Documents from the iWork Apps on the iPad via E-Mail .....	214
Transferring Documents from the iWork Apps on the iPad via iWork.com .....	216
<b>8 Securing Your Company's iPads and iPhones .....</b>	<b>221</b>
Protecting the iPad or iPhone with a Device Passcode and Auto-Locking .....	222
Understanding the Essentials of Passcodes .....	223
Applying a Device Passcode Requirement and Auto-Locking Using iPhone Configuration Utility .....	226
Applying a Device Passcode and Auto-Locking Manually .....	226
Encrypting the Data on the iPad or iPhone and in Its Backups .....	231
Turning on Data Protection on the iPad or iPhone .....	231
Encrypting the Backups of the iPad or iPhone .....	231

- Configuring an iPad or iPhone for Automatic Local Wiping . . . 234

  - Restoring an iPad or iPhone . . . . . 268
  - Updating the iPad or iPhone with the Latest Firmware . . . . . 270
  - Resetting an iPad or iPhone Totally with Recovery Mode . . . . . 271

Troubleshooting Problems Connecting to Wireless Networks .....	274
Making Your Wireless Network Friendly to iPads and iPhones .....	275
Dealing with iPads and iPhones That Can't Connect to the Wireless Network .....	275
Fixing the Problem When Wi-Fi Connects but Can't Access the Internet .....	275
Finding the IP address the iPad or iPhone Is Using .....	276
Resetting the Network Settings .....	276
Dealing with Charging Issues .....	277
Dealing with Problems Connecting to iTunes .....	278
Checking That the iPad or iPhone Has Battery Power ....	278
Checking That the Dock Connector Port on the iPad or iPhone Is Connected and Working .....	278
Checking the USB Port the Connection Is Using .....	278
Checking the USB Cable the Connection Is Using .....	279
Reducing the Load on the USB Bus .....	279
Updating iTunes to the Latest Version .....	280
Restarting the Computer .....	280
Closing Down the iTunes-Related Services in Windows ...	280
Restarting the Apple Mobile Device Service on Windows .....	281
Removing and Reinstalling iTunes and the Related Software on Windows .....	284
Removing and Reinstalling the Apple Mobile Device Service on the Mac .....	286
Squeezing the Most Battery Life Out of the iPad and iPhone .....	287
Conditioning the Battery .....	287
Charging the Battery the Best Way .....	288
Choosing Settings for Better Battery Life .....	289
Replacing the Battery on an iPad or iPhone .....	292
