<i>About the Authors</i>	<i>xxi</i>

CHAPTER 1	Communication Techniques and Collecting Subjective Information	1
	Communication Skills	2
	Review Questions	7
	Answers	9
CHAPTER 2	Collecting Objective Information and Documentation	11
	Collecting Objective Information	12
	Review Questions	16
	Answers	18
CHAPTER 3	Assessment of Vital Signs	21
	Introduction	22
	Temperature	22
	Pulse	24
	Respirations	27
	Blood Pressure	28
	Review Questions	31
	Answers	33

CHAPTER 4	Assessment of Mental Status	35
	Introduction	36
	Review of Anatomy and Physiology	36
	Subjective Information	37
	Objective Information	40
	Expected Findings	46
	Abnormal Findings	46
	Age-Related Changes	47
	Cultural Considerations	48
	Case Study	48
	Review Questions	48
	Answers	50
<hr/>		
CHAPTER 5	Assessment of the Skin, Hair, and Nails	51
	Review of Anatomy and Physiology	52
	Subjective Information	53
	Objective Information	55
	Expected Findings	56
	Abnormal Findings	57
	Age-Related Changes	65
	Cultural Considerations	68
	Case Study	69
	Review Questions	69
	Answers	71
<hr/>		
CHAPTER 6	Assessment of the Head, Eyes, Ears, Nose, and Throat (HEENT)	73
	Introduction	74
	Review of Anatomy and Physiology	74
	Subjective Information	82
	Risk Factors Related to the System	85
	Risk Evaluation	86
	Objective Information	87
	Expected Findings	93
	Abnormal Findings	94
	Age-Related Changes	95
	Cultural Considerations	98
	Case Study	98
	Review Questions	98
	Answers	100

CHAPTER 7	Assessment of the Respiratory System	103
	Introduction	104
	Review of Anatomy and Physiology	104
	Subjective Information	109
	Objective Information	110
	Physical Examination	111
	Palpation	112
	Percussion	112
	Auscultation	113
	Expected Findings	114
	Abnormal Findings	114
	Age-Related Changes	115
	Cultural Considerations	115
	Case Study	116
	Review Questions	116
	Answers	118

CHAPTER 8	Assessment of the Cardiovascular and Peripheral Vascular System	119
	Review of Anatomy and Physiology	120
	Subjective Information	126
	Associated Symptoms	127
	Objective Information	129
	Physical Examination	130
	Expected Findings of Palpation of the Peripheral Arteries	131
	Abnormal Findings	131
	Age-Related Changes	133
	Cultural Considerations	134
	Case Study	134
	Review Questions	135
	Answers	136

CHAPTER 9	Assessment of the Abdomen, Pelvis, Anus, and Rectum	139
	Introduction	140
	Review of Anatomy and Physiology	140
	Structure and Function of Main Organs	142
	Subjective Information	145
	Associated Symptoms	146
	Objective Information	148
	Physical Examination	148
	Expected Findings	150

	Abnormal Findings	151
	Age-Related Changes	154
	Cultural Considerations	155
	Case Study	155
	Review Questions	155
	Answers	157
<hr/>		
CHAPTER 10	Assessment of the Musculoskeletal System	159
	Introduction	160
	Review of Anatomy and Physiology	160
	Subjective Information	163
	Associated Symptoms	165
	Objective Information	167
	Physical Examination	168
	Expected Findings	175
	Abnormal Findings	176
	Age-Related Changes	176
	Cultural Considerations	178
	Case Study	178
	Review Questions	179
	Answers	181
<hr/>		
CHAPTER 11	Assessment of the Nervous System	183
	Introduction	184
	Review of Anatomy and Physiology	184
	Subjective Information	188
	Objective Information	193
	Physical Examination	194
	Age-Related Changes	197
	Cultural Considerations	199
	Case Study	199
	Review Questions	200
	Answers	202
<hr/>		
CHAPTER 12	Assessment of the Male Genitourinary System	203
	Introduction	204
	Review of Anatomy and Physiology	204
	Subjective Information	207
	Objective Information	209
	Physical Examination	210
	Expected Findings	211
	Abnormal Findings	212
	Age-Related Changes	213
	Cultural Considerations	214

	Case Study	214
	Review Questions	214
	Answers	216
<hr/>		
CHAPTER 13	Assessment of the Female Reproductive System	219
	Introduction	220
	Review of Anatomy and Physiology	220
	Subjective Information	224
	Objective Information	230
	Physical Examination	230
	Expected Findings	232
	Abnormal Findings	232
	Age-Related Changes	233
	Cultural Considerations	236
	Case Study	236
	Review Questions	236
	Answers	238
<hr/>		
CHAPTER 14	Assessment of the Pregnant Patient	239
	Introduction	240
	Review of Anatomy and Physiology	240
	Subjective Information	243
	Objective Information	243
	Physical Examination	243
	Expected Findings	244
	Abnormal Findings	244
	Cultural Considerations	244
	Case Study	245
	Review Questions	245
	Answers	247
<hr/>		
CHAPTER 15	Assessment of Pain	249
	Review of Anatomy and Physiology	250
	Types of Pain	250
	The Sensation of Pain	252
	Pain Theory	253
	Subjective Information	254
	Objective Information	255
	Physical Examination	256
	Expected Findings	257
	Abnormal Findings	258
	Age-Related Changes	258
	Cultural Considerations	259

	Case Study	259
	Review Questions	259
	Answers	261
<hr/>		
CHAPTER 16	The Head to Toe Comprehensive Assessment	263
	Introduction	264
	Review of Anatomy and Physiology	264
	Subjective Information	264
	Objective Information	266
	Physical Examination	267
	Abnormal Findings	271
	Age-Related Changes	273
	Cultural Considerations	274
	Case Study	274
	Review Questions	274
	Answers	276
<hr/>		
CHAPTER 17	Comprehensive Review Questions	279
	Answers	296
	Index	303
