PART I Get Started with Your Mac

CHAPTER 1 Welcome to the World of Mac!	3
Macs for Consumers	3
What's the Difference Between a Consumer and Professional Mac?	4
Which Macs Are for Consumers?	4
Intel Processors	6
Explore Your Mac	7
What Are All These Ports (and Other Items) For?	7
Set Up Your Mac	12
Hook Up Your Keyboard and Mouse	12
Connect to a Power Source	12
Set Up Your Working (or Playing!) Environment	13
Start It Up!	14
Use the Setup Assistant	14
What's All This on My Screen?	14
How Do I Drive This Thing?	16
What Version of the Mac OS Do You Have?	17
Restart, Shut Down, and Put to Sleep Your Mac	18
Summary	20
CHAPTER 2 First Things First: Getting to Know Your Mac	21
A Very Brief Word about Keyboards	22
It's GUI, Not Sticky	22
What's a GUI?	22
Discover Your Inner GUI	22
Hard Disks, CDs, and DVDs	26
Lost Already? Get Help from Your Mac	27
Summary	29

x Contents

CHAPTER 3	Cruisin': Navigating Your Mac	31
Discover the Finder	31	
Get Around in a Finder Window	33	
Choose the Right View for You	34	
Set Finder Preferences	36	
Get Information about Your Files and Folders	40	
Discover and Use Mac OS X's Files and Folders	41	
The Users Folder, In Depth	43	
Create, Rename, and Delete Files and Folders	44	
Look! Quick! It's Quick Look!	48	
Search for Stuff on Your Mac	49	
Search Using Spotlight	49	
Search Using Find	50	
I Wanna Dock!	51	
Add, Move, and Delete Icons in the Dock	51	
The Icons Aren't Just There for Show	52	
Access Files and Folders from the Dock	52	
Set Preferences for the Dock	54	
Manipulating Windows with Mission Control	56	
Managing Finder and Application Windows	57	
Spaced Out!	60	
Create Spaces	60	
Run Widgets from the Dashboard	61	
Dashboard Basics	61	
Open and Close Widgets	62	
Set Preferences in Widgets	62	
Find More Cool Widgets Than You Can Shake a Stick At	64	
Use Launchpad to Blast Off Applications	65	
Summary	66	
CHAPTER 4	Stylin' and Profilin': Customizing Your Mac	67
Tailor Your Environment	67	
Choose a Desktop Picture	68	
Select a Screen Saver	70	
Customize the Finder Window Toolbar	71	
Personalize Your Icons	73	
Use the General Preferences Pane	74	
Set the Basic Settings	76	
Set the Time and Date	76	
Change Monitor Preferences	78	
Change Sound Settings	80	
Personalize (and Protect) Your Mac Even Further with User Accounts	83	
Why Use Individual Accounts?	83	
Add a New User Account	85	
Parental Controls Need-to-Knows	90	
Summary	97	

CHAPTER 5 Getting Started on the Internet	99
Get Connected	99
Dial-up or Broadband?	100
Use the Network Setup Assistant	102
Communicate with the World	104
Understand E-mail Basics	104
Surfin' Safari!	112
Chat It Up with iChat	113
The Future of Calling Is Here with FaceTime	116
Summary	119

PART II Making Your Mac Earn Its Keep

CHAPTER 6 How to Use Your Mac's Applications	123
Realize What Applications and Utilities Come with Your Mac	123
Applications	124
Utilities	126
Find Common Ground for Mac OS X's Applications	129
Launch an Application	129
Find More Details about the Application	129
Set Your Application's Preferences	130
Create a New Document	131
Select, Cut, Copy, and Paste Items	131
Save Documents	132
Open Documents	132
Print Documents	134
Quit Applications	136
Identify Basic Application Commands	136
Summary	137
CHAPTER 7 I Work, You Work, We All Work with iWork	139
Identify Common Tools	140
Get to Know Pages	142
Use Templates	144
Start from Scratch: Use a Blank Document	146
Get to Know Keynote	152
Create a New Slideshow	153
Play, Save, and Share Your Slideshow	158
Get to Know Numbers	160
Create a Sample Spreadsheet	162
Make a Simple Spreadsheet from Scratch	166
Summary	171

CHAPTER 8 Start the Presses! Printing and Faxing Your Documents	173
Determine What You Need to Get Started	173
Inkjet or Laser Printer?	174
The Type of Cables You Need	174
Choose Print Media	175
Install Printer Drivers	175
The Print & Scan Preferences Pane	175
Install Your Printer	176
Connect Your Printer via a Network	178
Print a Job	181
Choose Print Options	183
Manage Print Jobs	188
Troubleshoot Printer Installation Problems	191
Share Printers	192
What Is PDF?	194
Make Your Own PDF Files	195
Just the Fax, Ma'am!	196
Send a Fax	196
Summary	199
CHAPTER 9 Connected and Organized: Two Things Most of Us Are Not! . . .	201
Let Your Mouse Do the Walking: Using Address Book	201
Add Contacts	202
Create Groups of Contacts	202
Print Your Contacts	204
Your Scheduling iPal, iCal	205
Create Calendars	206
Create Events for Your Calendars	207
Share Your Calendars	208
Subscribe to Calendars	210
Print Calendars	210
Sync Contacts and Calendars with an iPhone, iPod Touch, or iPad	211
Summary	212

PART III Pictures, Music, and Movies, Oh My!

CHAPTER 10 The Quick and the Time: QuickTime	215
What the Heck Is QuickTime?	215
Cool Ways to Use QuickTime	216
View Video Files	216
Listen to Audio Files	217
Record Audio and Video	219
Shorten Your Movies	219

QuickTime on the Web	221
Use QuickTime Within Your Web Browser	221
Convert Movies to a Different Format	222
Share Your Files Easily	223
Summary	224
CHAPTER 11 Say Cheese! Managing Your Photos with iPhoto	225
iPhoto: A Darkroom on Your Desktop	226
Understand the iPhoto Interface	226
Bring Your Memories into iPhoto	230
Create Albums	232
Put Together a Slideshow	233
Create Cards, Calendars, and Books	236
Edit Photos	243
Share Your Memories	247
Print Your Pictures	250
Summary	251
CHAPTER 12 Well, Turn It Up, Man! Get in Tune with iTunes	253
It's Your Party and You're the D.J.!	253
Use the Mighty iTunes Store	255
Find Much More Than Just Music	256
Import Tracks to Your Library	261
Import Tracks from CDs	261
Import Files	262
Check Out iTunes' Preferences	263
General	263
Playback	264
Sharing	264
Store	266
Parental	266
Devices	267
Advanced	268
Create Playlists	270
Create a Standard Playlist	270
Create a Smart Playlist	271
Burn, Baby, Burn!	272
Take Your Tunes on the Road: Connect Your iPod, iPad, or iPhone	272
Summary	279
CHAPTER 13 iLights! iCamera! iAction!: Using iMovie	281
iMovie: Your Personal Editing Room	282
Import Video into iMovie	282
Import Movie Files	283
Import iMovie HD Projects	285
Import from a Video Camera	286
View Your Imported Video	288

xiv Contents

Select Video to Work With	289
Create an iMovie Project	290
Add Video to Your Project	291
Add Music and Sound Effects to Your Project	292
Share Your Masterpiece	293
Sharing Over the Internet	293
Export Your Movie	294
Summary	295

PART IV Time to Geek Out! Digging Deeper into Your Mac

CHAPTER 14 Making Sense of the System Preferences	299
Personal	300
General	300
Desktop & Screen Saver	302
Dock	303
Mission Control	303
Language & Text	304
Security & Privacy	307
Spotlight	311
Universal Access	313
Hardware	317
CDs & DVDs	318
Displays	318
Energy Saver	319
Keyboard	320
Mouse	323
Trackpad	324
Print & Fax	325
Sound	325
Internet & Wireless	326
Mail, Contacts & Calendars	326
MobileMe	327
Network	327
Bluetooth	327
Sharing	329
System	331
Users & Groups, Parental Controls, and Date & Time	331
Software Update	332
Speech	333
Time Machine	338
Startup Disk	339
Summary	340

CHAPTER 15	Making Your Mac Play Pretty with Other Computers: Networking and Sharing	341
	Wired or Wireless? That Is the Question!	342
	A Look at Wireless Connections	342
	Wires Are Good, Too!	343
	Network Setup Assistant Revisited	343
	Soar with AirPort	344
	Become Pals with the Network Preferences	354
	Meet the Basic Network Preferences Pane	354
	Meet the Advanced Network Settings	356
	Mom Always Taught Me to Share	360
	Services	361
	Summary	371
CHAPTER 16	Deeper into the Internet Jungle with Safari	373
	Embark on Advanced Safari	373
	Use Bookmarks	378
	Create Bookmarks	379
	Keep Bookmarks Organized	379
	Import and Export Bookmarks	380
	Configure Safari Preferences	382
	Get RSS Feeds	388
	Find Information on the Internet	390
	Summary	391
CHAPTER 17	Mail Call!	393
	Set Preferences for Mail	393
	General	394
	Accounts	395
	RSS	398
	Junk Mail	399
	Fonts & Colors	400
	Viewing	401
	Composing	402
	Signatures	406
	Rules	406
	Create Mailboxes and Smart Mailboxes	408
	Format Your Messages	410
	Choose Fonts and Colors	411
	Add Photos with Photo Browser	413
	Use Stationery	413
	Add Attachments	415
	Add E-mail Contacts to the Address Book	416
	Use More Than One Account	417
	Read RSS Feeds	418
	Summary	420

PART V Making Your Mac Even Better: Adding Microsoft Windows and Hardware

CHAPTER 18 ATTENTION! Welcome to Boot Camp, Private! 423

- Why Install Windows on Your Mac? 424
- Have the Best of Both Worlds: Install Windows with Boot Camp 424
- Choose Which OS to Boot Into 430
- Summary 432

CHAPTER 19 It's Alive! Adding Hardware to Your Mac(enstein) 433

- Understand Why Adding More Memory Is Never a Bad Idea 433
 - Discover What Adding Memory Does for Your Mac 434
 - "I'm Convinced! How Do I Install More Memory?" 434
- Add External Devices 435
 - Choose Between USB and FireWire 436
- Summary 439

PART VI Troubleshooting and Getting Further Help When You Need It

CHAPTER 20 What the Heck Just Happened? 443

- Don't Panic! 443
- Master Troubleshooting 101 444
 - Rule Numero Uno: Restart 444
 - Log into a Different Account 444
 - Back Up Your Stuff 445
- Troubleshoot Typical Hardware Problems 446
 - My Mac Won't Power Up! 446
 - External Devices Don't Work Properly 447
 - System Information 448
- Troubleshoot Typical Software Problems 450
 - The Mother of All Computer Troubleshooting Techniques 450
- Check Whether Your Mac Is Running the Latest OS Version 450
 - Troubleshoot Startup Issues 450
 - Overcome Kernel Panic 452
 - Repair Disk Permissions 453
 - My Application Just Crashed! 453
 - Thaw Freezes 454
 - Confront a Blue Screen 454
- Evaluate Third-Party Solutions 455
 - Consider Third-Party Disk Utility Software 455
 - Consider Third-Party Antivirus Software 456
- When All Else Fails, Reinstall 456
- Summary 457

CHAPTER 21	Helpful Resources for Your Mac	459
	Consult Mac OS X's Help System	459
	Exploit Apple's Support Pages	462
	Call for Help	466
	Find Helpful Mac Sites on the Web	468
	Troubleshooting and Repair Sites	469
	Information and News Sites	470
	Sites for Tips, Tricks, and Hints	472
	Software Sites	473
	Fun Stuff!	474
	Summary	475
<hr/>		
PART VII	Change the Silicon Every Three Thousand Miles: Maintaining Your Mac	
CHAPTER 22	Keeping the Engine Tuned	479
	Check for Updates with Software Update	479
	Run Software Update Manually	480
	Configure Software Update Preferences	480
	Keep Your Third-Party Applications Updated	482
	Follow Simple Mac Maintenance Procedures	483
	A Clean Mac Is a Happy Mac!	485
	Summary	486
CHAPTER 23	Getting Under the Hood	487
	Get Familiar with Disk Utility	487
	Work with the Disk Utility Toolbar	489
	Work with the Disk Utility Tabs	490
	Use Disc Utility to Erase Rewriteable CDs and DVDs	496
	Use Disk Utility to Create and Burn Disk Images	497
	Create Blank Disk Images	498
	Create a Disk Image from an Existing Disk	500
	Burn Images to Disks	500
	Summary	501
CHAPTER 24	Back'er Up: Using Time Machine	503
	Back Up with Time Machine	504
	Set Time Machine's Preferences	504
	Use the WABAC Machine	508
	Summary	512
Index		513
